

## **New Service for you, our valued friend and client**

You have asked for it and we responded. CPS Investment Advisors has launched a new service that is designed specifically with you and your security in mind. We are pleased to announce a new free\* **Data Vault Storage** service that will allow you to electronically store all of your personal and confidential information online in an encrypted and secure data storage vault.

## **Key Features**

- Password protection
- Storage for any file type
- Secured and back-up storage
- 128 bit data encryption
- 24/7 access to your important documents wherever you are
- All important documents can now be centrally located

## **Security**

You can rest assured that your data is secured and safe. This service is in compliance with all legal regulations regarding the privacy and security of confidential information.

To protect against hacking and other intrusion attacks this service undergoes DAILY third party security audits and virus scan.

All communications between this service and you is encrypted using the Secure Socket Layer (SSL). This is the same functionality used by banks and other popular e-commerce services such as Amazon.com for secure communication.

## **Getting Started**

Simply log onto our website [www.cpsinvestmentadvisors.com](http://www.cpsinvestmentadvisors.com) and click on the Data Vault at the top of the home page.

Your username is your email address and your temporary password will be emailed to you soon.

If you have ANY questions or concerns please do not hesitate to contact us.

\*free storage up to 20 megabytes of data, if exceeded a nominal fee may apply
